DESCRIPTION: CONTAGIOUS FAT

In Health Today: It seems that obesity can be as contagious as an infection. A study in which thousands of Boston residents participated demonstrated that a person has a 57% greater chance of gaining weight if they have a friend who is obese. The risk triples if the friend is a close one and is almost doubled between siblings. Between spouses, the risk is 37%. Although it is influential that between friends and family members there are generally similar eating habits, according to the experts, the determining factor is that when one has a friend or relative who is obese, it changes the perception of what is a healthy weight.

DESCRIPTION: BURNING SALT WATER REPORTER: MARIA CELESTE

Three inventors in Pennsylvania have discovered what many believe is an alternative to fossil fuels that will greatly benefit the environment! They managed to boil water by simply adding salt to it and submitting it to a radio frequency. The feat was verified in different labs by other groups of scientists who can not get over their astonishment. According to experts, the frequency releases hydrogen atoms from the salt, which causes heat to release. The inventors have already informed the Departments of Energy and Defense of their experiment.

DESCRIPTION: HERO FIRED REPORTER: LILIANA MARIN

In Florida, an injustice is being carried out against a Hispanic man who risked his life defending a young woman who was being assaulted. Instead of being recognized for his heroism – the poor man, who worked as a waiter at a Fort Lauderdale restaurant, is being fired!.

ISSUE: IMMIGRATION

PROGRAM: "AL ROJO VIVO"

DATE: 9-21-07 TIME: 5:00 PM E.T. TOPIC DURATION: 45 SECS

DESCRIPTION: IMMIGRANTS SCAM REPORTER: Maria Celeste

In our immigration bulletin, we would like to denounce various unscrupulous groups in the US who are tricking undocumented aliens, particularly Mexicans, by making them think that for a specific sum of money, they can help them emigrate to Canada where the authorities will grant them asylum. As a result of this practice, hundreds of immigrants are arriving daily at the Canadian border only to find that they have been swindled. Canadian authorities say that the majority were fooled by an organization in Naples, Florida that charged them \$400 per adult and \$100 per child, promising as well that they would find employment. Canada does not give preference to Hispanic immigrants. Last year only 28% of Mexicans received refugee status versus 47% of those of other nationalities.
